REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Cohasset:

The year 1982 just completed was perhaps the most active in recent memory for the Board with numerous special meetings in addition to its regular weekly meetings throughout the year. Three special town meetings further presented the Board with several critical issues.

The first of those issues followed on the heels of the annual meeting when a resolution was passed concerning the means for controlling gypsy moths. That resolution was somewhat contrary to a vote of the previous December's special town meeting as to whether to aerial spray with the chemical "Sevin" or with the more expensive and less effective biological agent, "Dipel". There was a significant segment of the community that did not want aerial spraying at all.

After weeks of discussion and study, with emotions running high on both sides of the issue, the Board compromised and ordered the spraying of most areas of the town with "Dipel". Fortunately, natural forces also came into play and helped alleviate the threatened infestations, hopefully not to return.

In other matters, Executive Secretary Arthur Clark, upon the expiration of his employment contract in June, agreed to continue serving the Board through the calendar year, at which time he intended to retire from active participation in town government. His acquired knowledge from over four decades of devoted service to his community will be greatly missed by the Board, and indeed the town in general. The Board wishes him well in his retirement.

Another dedicated official, Fire Chief Charles Piepenbrink, retired after thirty-four years of service, twenty-eight of them as Chief. He too, will be missed in his capacity as Chief and is also wished a happy retirement.

The Board is grateful to Fire Captain Roger Lincoln for acting as Chief during the selection of a permanent Chief. This process was delayed when a special town meeting called by citizen petition voted to expand the list of finalists to include in-town applicants, not among the three chosen by the selection committee.

As the year ended, Lieutenant Martin Dooley of the Hartford, Connecticut Fire Department was selected as Chief to commence his duties with the beginning of the new year.

The aforementioned special town meeting significantly changed the makeup of future Boards of Selectmen by increasing its membership from three to five persons beginning with the next annual election. On a nostalgic note, a little history has been lost after more than two-hundred years under a three-member board. Hopefully, the change will accomplish its intended purpose.

As the second year of his tenure came to a close, Police Chief, John DeBassio, requested to be relieved from the terms of his employment contract one-year early, in order to accept employment in the private sector. The request was granted consistent with the policy of the Board to encourage career advancement of its employees.

Officer Joseph Kealey was immediately appointed acting Police Chief while the Board prepared to select a new Chief. As the year closed, over fifty applicants had been screened in preparation for a final selection early in the new year.

On a sadder note, the Board was grieved by the passing of Elizabeth Reddie of the Selectmen's staff. She will long be remembered for her dedication to duty and sincere desire to serve the public in a most professional yet personal manner.

Building Inspector and Zoning Officer, James Litchfield also tendered his resignation to accept employment in the private sector. Following an area-wide

search, Robert Dennis was selected and is doing a commendable job.

A Cable Television Study Committee was appointed by the Board, as required by the General Laws, to recommend criteria for selecting and to assist in the implementation of a cable T-V system for the town. The committee has worked diligently over a period of several months to prepare specifications and solicit proposals from several qualified firms. It is anticipated that the Board will select a firm by late spring and that installation will commence shortly thereafter.

The Board interceded to assist the Board of Assessors when its consultant failed to complete its re-valuation of the town. Joint meetings were held between the Boards and with the Department of Revenue in order to get more time to resolve the problem. The Assessors were subsequently able to engage a new consultant and gain approval to send out Tax Bills on the basis of current valuations. Because of the delays, the Board decided not to expend monies to issue new valuation books until the revaluation is complete.

A special town meeting in November voted to require that alternatives to the town's approved sewerage disposal plan be investigated with an emphasis on a more economical approach. The Board immediately appointed an Advisory Committee to explore possible alternatives to the present plan and report back to the town.

A Special Town Counsel was appointed to assist the Town in its communications with state and federal agencies.

As an aftermath of that meeting's vote, Sewer Commissioners Gerard Stanton and Janet Daggett resigned and must be replaced, by joint appointment with the remaining commissioner, when the vacancies are confirmed.

Civil Defense Director, Lester Hiltz, chose to resign and a search is underway for a replacement to take over right after year-end.

A street-light cost reduction plan was implemented by the Board. The entire town was surveyed and total lighting needs were reduced to compensate for increased energy costs. The entire town will be converted to sodium vapor lamps over the next few years, providing more lumens of light for the same energy cost as old fixtures.

All projects under the selectmen's jurisdiction that were authorized in this year's town meetings have been substantially completed.

The Board takes this opportunity to thank all town officers, boards, committees, employees and citizens for their suggestions, understanding, cooperation and assistance throughout the year.

Respectfully submitted,
BOARD OF SELECTMEN
Henry W. Ainslie, Jr. .Chairman
Rocco F. Laugelle
Mary Jane E. McArthur

RESOLUTION BY MR. GAINOR

RESOLVED: That the Town of Cohasset follow the recommendations of the Massachusetts Department of Environmental Management, Division of Forests and Parks, to use *Racillus thuringiensis* (B.T., a Biological project) as the control material for gypsy moth caterpillars. It is the opinion of that agency that the use of this material most responsibly addresses both the documented concern of a need for nuisance control and protection of the public.

Resolution voted by a voice vote.

**RESOLUTION BY HENRY W. AINSLIE, CHAIRMAN OF THE
BOARD OF SELECTMEN**

BE IT RESOLVED THAT:

WHEREAS Fire Chief Charles Piepenbrink did retire from active service in the department on the thirty-first day of March in the year nineteen hundred and eighty-two, after a long and distinguished career spanning a period of thirty-four years.

AND WHEREAS he served as Chief for twenty-eight of those years having been appointed at the young age of twenty-nine, only six years after joining the department:

AND WHEREAS he was dedicated toward encouraging the highest standards of professionalism within his department and on many occasions argued before this body to assure that his men had the best equipment and physical plant possible, in support thereof;

AND WHEREAS his expertise and genuine concern for the protection of life and limb of all citizens led to his transforming the town ambulance service into one of the best trained, quickest responding emergency medical services unit in the area:

AND WHEREAS his devotion to family, loyalty to friends and concern for the well-being of the Town, in general, serves as an example to his successors;

NOW, THEREFORE, be it the expression of this meeting herein assembled, on this third day of April in the year nineteen hundred and eighty-two, to proclaim the entire town's sincerest gratitude for his long and devoted service and to wish him a lengthy, healthful and happy retirement.
Resolution adopted unanimously.

Article 34. (Inserted by the Board of Selectmen at the request of Richard Barrow, Chairman of the Recreation Commission).

To see if the Town, acting under the provisions of Article II of the Amendments to the Constitution of the Commonwealth of Massachusetts, commonly

called the Home Rule Amendment, will vote to adopt the following by-law regarding a Recreation Commission Revolving Fund in the Town of Cohasset.

Section 1. The Town of Cohasset hereby establishes in the town treasury an individual revolving fund (hereinafter called "Recreation Fund") for its Recreation Commission. *All receipts of the Commission from wholly or partially self-supporting recreation services of the Town shall be credited to the Recreation Fund. The Recreation Fund shall be kept separate from any other monies or funds of the Town, and shall be expended only for those purposes outlined below.

Section 2. The money in the Recreation Fund will be used solely for the maintenance and support of recreation services of the Town, including purchase of equipment and salaries of employees.

Section 3. Expenditures of money from the Recreation Fund may be made by the Town Accountant without further appropriation.* The Town Accountant shall submit annually a report of the Recreation Fund to the Selectmen, the Advisory Board and the Recreation Commission.

Section 4. Nothing in this by-law shall prevent the Town from appropriating funds for purposes of public recreation or entertainment as now or hereafter authorized by law. Nothing in this by-law shall prevent the Town from accepting gifts or grants of money or property for purposes of public recreation or entertainment.

Section 5. This by-law shall take effect upon its acceptance by a majority vote of the qualified voters of the Town present and voting thereon at the Annual Town Meeting or any Special Town Meeting called for the purpose. The receipts of the Department for the year in which this by-law is accepted will be retained by the Department and will constitute the working capital to establish the Fund. This by-law supersedes any by-law which is in conflict with it, or act on anything relating thereto.

MOVED: That the Board of Selectmen on behalf of the Town petition the General Court to enact the following legislation:

An act establishing a Recreation Commission Revolving Fund in the Town of Cohasset

Section 1. The Town of Cohasset hereby establishes in the town treasury an individual revolving fund hereinafter called "Recreation Fund") for its Recreation Commission. All receipts of the Commission from wholly or partially self-supporting recreation services of the Town shall be credited to the Recreation Fund. To see if the Town will vote to accept an amendment to the Agreement establishing the South Shore Regional School District ("South Shore") as proposed by vote of the South Shore School Committee adopted on December 23, 1981. The amendment provides for the admission of the Towns of Whitman and/or Hanson as new member towns. The Amendment specifies in substance (a) that Whitman and Hanson will have one member of the School Committee appointed by the Board of Selectmen of the Town for a three year term, or for an initial term of two years if needed to retain symmetry of terms on the South Shore School Committee as a whole; (b) commencing in 1983, all members of the South Shore School Committee will be appointed by the Boards of Selectmen of the towns they represent; (c) that for the first year of its membership a new member town will contribute as its entire share of the operating costs and capital costs of South Shore for such year an amount equal to what it would pay if the students from the new town enrolled in South Shore were tuition students, and the new member town will also be responsible for all the transportation costs of those students. After its first year of membership a new town will pay its share of operating costs and capital costs apportioned in accordance with Section IV of the agreement, except that, as reimbursement to the original members of South Shore for their payments of capital costs on South Shore's existing school building, each new member town will pay to South Shore for a period of ten years, commencing with the second year of the new town's membership and ending on the eleventh year of such membership, an annual surcharge of \$400 per pupil enrolled on October 1st of the prior year; (d) that the South Shore School will continue to be located in Hanover but satellite facilities may be located in any member town; and (e) for the admission as of July 1, 1982 of such of the Towns of Whitman and Hanson as accept the amended South Shore agreement, following the acceptance by each of the existing member towns of the amendment admitting them. Copies of the South Shore Agreement as amended and as proposed to be amended, as described in this Article, are available for inspection at the office of the Town Clerk, or act on anything relating thereto.

Article 37. (Inserted by the Board of Selectmen at the request of John De Bassio, Chief of the Police Department).

To see if the Town will vote to amend Article VII, Safety and Public Order by adding a new Section 31 as follows:

Section 31 – Alarm System Regulations.

Definitions

For the purpose of this by-law, the following terms, phrases, words and their definitions shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future; words used in the plural number include the singular number; and words in the singular number include the plural number. The word “shall” is always mandatory and not merely directory.

Burglar Alarm System

The term “Burglar Alarm System” means an assembly of equipment and devices or a single device such as a solid state unit which plugs directly into a 110 volt AC line, arranged to signal the presence of a hazard requiring urgent attention and to which Police are expected to respond. *Note:* Fire alarm systems and alarm systems which monitor temperature, smoke, humidity or any other condition not directly related to the detection of an unauthorized intrusion into a premises or an attempted robbery at a premises are specifically excluded from the provisions of this by-law. The provisions of Section 15 of this by-law shall apply to all users.

False Alarm

the term “False Alarm” means (a) the activation of an alarm system through mechanical failure, malfunction, improper installation, or negligence of the user of an alarm system or his employees or agents; (b) any signal or oral communication transmitted to the Police Department requesting or requiring or resulting in a response on the part of the Police Department when in fact there has been no unauthorized intrusion, robbery or burglary, or attempt threat. For the purpose of this definition, activation of alarm systems by act of God, included but not limited to power outages, hurricanes, tornadoes, earthquakes, and similar weather or atmospheric disturbances shall not be deemed to be false alarms.

Alarm User

The term “Alarm User” means any person on whose premises an alarm system is maintained within the Town except for alarm systems on Motor Vehicles or proprietary systems. Excluded from this definition and from the coverage of this by-law are persons and buildings who use alarm systems which are specifically designed and intended to alert or signal persons exclusively within the premises. If such a system, however, employs an audible signal emitting sounds or flashing lights or beacon designed to signal persons outside the premises, such system shall be within the definition of alarm system and shall be subject to the provisions of this by-law.

Automatic Dialing Device

The term “Automatic Dialing Device” refers to an alarm system which automatically sends over regular telephone lines, by direct connection or otherwise, a prerecorded voice message or coded signal indicating the existence of an emergency situation that the alarm system is designed to detect.

Direct Connection

The term "Direct Connection" means an alarm system which has the capability of transmitting system signals directly to an appropriate receiver within the Cohasset Police Station.

Interconnection

The term "Interconnect" means to connect an alarm system to a voice-grade telephone line, either directly or through a mechanical device for the purpose of using the telephone line to transmit an emergency message indicating the activation of the alarm system.

Public Nuisance

The term "Public Nuisance" means anything which annoys, injures or endangers the comfort, repose, health or safety of any person(s) or of any community or neighborhood.

Administrative Provisions

Section 15-1

The Chief of Police, with the approval of the Selectmen, may promulgate such rules as may be necessary for the implementation of this by-law.

Section 15-2

Automatic Dialing Devices – Interconnection

- (a) No automatic dialing device shall be interconnected to any telephone numbers at the Police Department after the effective date of this by-law.
- (b) Within six (6) months after the effective date of this by-law, all automatic dialing devices interconnected to Police Department telephone lines shall be disconnected. The user of each such device shall be responsible for having the device disconnected upon notification by the Chief of Police.

Section 15-3

Automatic Dialing Devices – Intermediary Services

Any person using an automatic dialing device may have the device interfaced through existing telephone line to an appropriately equipped transfer station for transmission to the Police Department. Transfer to be facilitated through:

- (a) Private answering service
- (b) Privately owned or operated facility or terminal

Section 15-4

Direct Connections to Police Department

- (a) All alarms shall be subject to authorization by the Chief of Police prior to being connected to the Cohasset Police Department.
- (b) The Chief of Police shall have the authority to request proposals and bids from alarm companies in order to furnish at no cost to the Town, a communications console and the necessary lines of communications which are compatible to the receipt of alarm signals. Each of the bids shall set forth the annual fee each alarm user will be required to pay the alarm company for services rendered, except that no fee shall be assessed to the Town of Cohasset for any alarms or connections to the con-

sole from properties owned by the Town of Cohasset. Such services shall be set forth in the form of a written contract between the alarm company and each alarm user.

The provisions of this paragraph (b) relate solely to the aforementioned communications console, connections by the alarm user, and fees and charges related to the installation and maintenance of the console. Any alarm user has the right to contact any alarm company of his/her choice for the sale, installation, maintenance, and/or service of the alarm system to be installed on his/her premises.

Section 15-5

Control and Curtailment of Signals Emitted by Alarm Systems

- (a) Every alarm user shall submit to the Chief of Police the names and telephone numbers of at least two (2) other persons who are authorized to respond to an emergency signal transmitted by an alarm system and who can open the premises wherein the alarm system is installed. It shall be incumbent upon the owner of said premises to immediately notify the Cohasset Police Department of any changes in the list of authorized persons or employees so named in the alarm listing.
- (b) All alarm systems installed after the effective date of this by-law which use an audible horn or bell, shall be equipped with a device that will shut off such horn or bell within ten (10) minutes after activation of the alarm system. All existing alarm systems in use within the Town of Cohasset shall within six (6) months of passage of this by-law be required to install an appropriate shut off device and otherwise comply with the provisions of the by-law.
- (c) Any alarm system emitting a continuous and uninterrupted signal for more than ten (10) minutes, which cannot be shut off or otherwise curtailed due to the absence or unavailability of the alarm user or those persons designated by him under paragraph (a) of this section and which disturbs the peace, comfort or repose of the community, or a neighborhood where the alarm system is located, shall constitute a public nuisance.

Upon receiving complaints regarding such a continuous and uninterrupted signal, the Police Chief shall endeavor to contact the alarm user, or member of the alarm users family, or those persons designated by the alarm user under paragraph (a) of this section in an effort to abate the nuisance. The Police Chief shall cause to be recorded the names and addresses of all complainants and the time each complaint was made.

- (d) No alarm system which is designed to transmit emergency messages or signals of intrusion to the Police Department shall be tested until the police dispatcher has been notified. *Note:* Unauthorized tests will constitute a False Alarm.

Section 15-6

Penalties

- (a) The user shall be assessed twenty-five (25.00) dollars as a false alarm service fee for each false alarm in excess of three (3) occurring within a calendar year. (NOTICE) The Police Chief shall notify the alarm user by Certified Mail or by Service in Hand by a Police Officer of such

violation and said user shall submit payment within thirty (3) days of said notice to the Treasurer, Town of Cohasset for deposit into the General Fund.

- (b) Failure to remove an "Interconnecting System" within thirty (30) days of notice shall constitute a violation punishable by a fine of fifty (50.00) dollars.
- (c) Interconnection of an automatic Dialing Device to any Police Department telephone after the effective date of this by-law shall constitute a violation punishable by a fine of fifty (50.00) dollars.
- (d) Failure to establish and maintain an emergency list of at least two (2) persons or employees suitable for notification shall constitute a violation punishable by a fine of fifty (50.00) dollars.
- (e) Failure to comply with the penalties established in the by-law may result in a written order from the Chief of Police causing all connections to the users alarm to be removed from the Cohasset Police Department.

or act on anything relating thereto.

MOVED: That the Town amend Article VII of the Town By-Laws. Safety and Public Order by adding a new Section 31 as follows:

Section 31 -- Alarm System Regulations.

Definitions

For the purpose of this by-law, the following terms, phrases, words and their definitions shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future; words used in the plural number include the singular number; and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

Burglar Alarm System

The term "Burglar Alarm System" means an assembly of equipment and devices or a single device such as a solid state unit which plugs directly into a 110 volt AC line, arranged to signal the presence of a hazard requiring urgent attention and to which Police are expected to respond. *Note:* Fire alarm systems and alarm systems which monitor temperature, smoke, humidity or any other condition not directly related to the detection of an unauthorized intrusion into a premises or an attempted robbery at a premises are specifically excluded from the provisions of this by-law. The provisions of Section 15 of this by-law shall apply to all users.

False Alarm

the term "False Alarm" means (a) the activation of an alarm system through mechanical failure, malfunction, improper installation, or negligence of the user of an alarm system or his employees or agents; (b) any signal or oral communication transmitted to the Police Department requesting or requiring or resulting in a response on the part of the Police Department when in fact there has been no unauthorized intrusion, robbery or burglary, or attempt threat. For the purpose of this definition, activation of alarm systems by act of God, included but not limited to power outages, hurricanes, tornadoes, earthquakes, and similar weather or atmospheric disturbances shall not be deemed to be false alarms.

Alarm User

The term "Alarm User" means any person on whose premises an alarm system is maintained within the Town except for alarm systems on Motor Vehicles or proprietary systems. Excluded from this definition and from the coverage of this by-law are persons and buildings who use alarm systems which are specifically designed and intended to alert or signal persons exclusively within the premises. If such a system, however, employs an audible signal emitting sounds or flashing lights or beacon designed to signal persons outside the premises, such system shall be within the definition of alarm system and shall be subject to the provisions of this by-law.

Automatic Dialing Device

The term "Automatic Dialing Device" refers to an alarm system which automatically sends over regular telephone lines, by direct connection or otherwise, a prerecorded voice message or coded signal indicating the existence of an emergency situation that the alarm system is designed to detect.

Direct Connection

The term "Direct Connection" means an alarm system which has the capability of transmitting system signals directly to an appropriate receiver within the Cohasset Police Station.

Interconnection

The term "Interconnect" means to connect an alarm system to a voice-grade telephone line, either directly or through a mechanical device for the purpose of using the telephone line to transmit an emergency message indicating the activation of the alarm system.

Public Nuisance

The term "Public Nuisance" means anything which annoys, injures or endangers the comfort, repose, health or safety of any person(s) or of any community or neighborhood.

Administrative Provisions

Section 15-1

The Chief of Police, with the approval of the Selectmen, may promulgate such rules as may be necessary for the implementation of this by-law.

Section 15-2

Automatic Dialing Devices – Interconnection

- (a) No automatic dialing device shall be interconnected to any telephone numbers at the Police Department after the effective date of this by-law.
- (b) Within six (6) months after the effective date of this by-law, all automatic dialing devices interconnected to Police Department telephone lines shall be disconnected. The user of each such device shall be responsible for having the device disconnected upon notification by the Chief of Police.

Section 15-3

Automatic Dialing Devices – Intermediary Services

Any person using an automatic dialing device may have the device interfaced

through existing telephone line to an appropriately equipped transfer station for transmission to the Police Department. Transfer to be facilitated through:

- (a) Private answering service
- (b) Privately owned or operated facility or terminal

Section 15-4

Direct Connections to Police Department

- (a) All alarms shall be subject to authorization by the Chief of Police prior to being connected to the Cohasset Police Department.
- (b) The Chief of Police shall have the authority to request proposals and bids from alarm companies in order to furnish at no cost to the Town, a communications console and the necessary lines of communications which are compatible to the receipt of alarm signals. Each of the bids shall set forth the annual fee each alarm user will be required to pay the alarm company for services rendered, except that no fee shall be assessed to the Town of Cohasset for any alarms or connections to the console from properties owned by the Town of Cohasset. Such services shall be set forth in the form of a written contract between the alarm company and each alarm user.

The provisions of this paragraph (b) relate solely to the aforementioned communications console, connections by the alarm user, and fees and charges related to the installation and maintenance of the console. Any alarm user has the right to contact any alarm company of his/her choice for the sale, installation, maintenance, and/or service of the alarm system to be installed on his/her premises.

Section 15-5

Control and Curtailment of Signals Emitted by Alarm Systems

- (a) Every alarm user shall submit to the Chief of Police the names and telephone numbers of at least two (2) other persons who are authorized to respond to an emergency signal transmitted by an alarm system and who can open the premises wherein the alarm system is installed. It shall be incumbent upon the owner of said premises to immediately notify the Cohasset Police Department of any changes in the list of authorized persons or employees so named in the alarm listing.
- (b) All alarm systems installed after the effective date of this by-law which use an audible horn or bell, shall be equipped with a device that will shut off such horn or bell within ten (10) minutes after activation of the alarm system. All existing alarm systems in use within the Town of Cohasset shall within six (6) months of passage of this by-law be required to install an appropriate shut off device and otherwise comply with the provisions of the by-law.
- (c) Any alarm system emitting a continuous and uninterrupted signal for more than ten (10) minutes, which cannot be shut off or otherwise curtailed due to the absence or unavailability of the alarm user or those persons designated by him under paragraph (a) of this section and which disturbs the peace, comfort or repose of the community, or a neighborhood where the alarm system is located, shall constitute a public nuisance.

Upon receiving complaints regarding such a continuous and uninterrupted signal, the Police Chief shall endeavor to contact the alarm

user, or member of the alarm users family, or those persons designated by the alarm user under paragraph (a) of this section in an effort to abate the nuisance. The Police Chief shall cause to be recorded the names and addresses of all complainants and the time each complaint was made.

- (d) No alarm system which is designed to transmit emergency messages or signals of intrusion to the Police Department shall be tested until the police dispatcher has been notified. *Note:* Unauthorized tests will constitute a False Alarm.

Section 15-6

Penalties

- (a) The user shall be assessed twenty-five (25.00) dollars as a false alarm service fee for each false alarm in excess of three (3) occurring within a calendar year. (NOTICE) The Police Chief shall notify the alarm user by Certified Mail or by Service in Hand by a Police Officer of such violation and said user shall submit payment within thirty (3) days of said notice to the Treasurer, Town of Cohasset for deposit into the General Fund.
- (b) Failure to remove an "Interconnecting System" within thirty (30) days of notice shall constitute a violation punishable by a fine of fifty (50.00) dollars.
- (c) Interconnection of an automatic Dialing Device to any Police Department telephone after the effective date of this by-law shall constitute a violation punishable by a fine of fifty (50.00) dollars.
- (d) Failure to establish and maintain an emergency list of at least two (2) persons or employees suitable for notification shall constitute a violation punishable by a fine of fifty (50.00) dollars.
- (e) Failure to comply with the penalties established in the by-law may result in a written order from the Chief of Police causing all connections to the users alarm to be removed from the Cohasset Police Department.

Town Clerk of Cohasset

SPECIAL TOWN MEETING AUGUST 30, 1982

Town Clerk's Report

At the Special Town Meeting held at the Cohasset High School Auditorium at 7:30 P.M., August 30, 1982, the following Articles were contained in the warrant and acted upon as recorded.

Checkers previously appointed for entrance by the Selectmen and sworn in by Town Clerk Charles A. Marks at 7:00 P.M. were Mary N. Grassie, Margaret C. Hernan, Barbara Williams, Mary M. Brennock and Frances L. Marks.

Tellers appointed by the Moderator and sworn in by the Moderator William D. Weeks at 7:30 P.M. were Arthur L. Lehr, Jr., Robert S. Pape, Bernard H. Mulcahy and Nancy E. Sladen.

The number of voters present as checked on the incoming voting lists was 573.

The meeting was called to order at 7:50 P.M. by the Moderator and the Town Clerk proceeded to read the call of the meeting.

Article 1. To see if the Town will vote to rescind the vote taken at the annual Town Meeting on April 6, 1981 as it relates to the second section of Article 30 which stated, "it is further moved: That after receiving notice that passage of the act has been approved by the General Court of Massachusetts and immediately after receiving notice that the position will be vacated, a committee of five (5) citizens shall be appointed by the Moderator, the Chairman of the Board of Selectmen and the Chairman of the Advisory Committee to be known as the Fire Chief Search Committee. Such Committee shall determine job qualifications, arrange for testing where appropriate and advertise the position in at least one locally circulated and one major Boston Newspaper. Thereafter they shall conduct screening interviews as they deem necessary giving due consideration to qualified members of the existing department. The Committee shall then submit the names of the three (3) most highly qualified applicants to the Board of Selectmen from which it shall select one." And to substitute in place and stead the following:

That the committee of five (5) citizens which were appointed by the Moderator, the Chairman of the Board of Selectmen and the Chairman of the Advisory Committee known as the Fire Chief Search Committee be continued; that their actions taken in screening candidates for the position of Chief of the Cohasset Fire Department be accepted; that the committee submit the names of the eight (8) applicants previously chosen by the committee as "semi-finalists" to the Board of Selectmen from which list the Board of Selectmen shall select one as the Chief of the Cohasset Fire Department, or act on anything relating thereto.

MOVED: That the Town rescind the vote taken at the Annual Town Meeting on April 6, 1981 as it relates to the second section of Article 30 which stated, "it is further moved: That after receiving notice that passage of the act has been approved by the General Court of Massachusetts and immediately after receiving notice that the position will be vacated, a committee of five (5) citizens shall be appointed by the Moderator, the Chairman of the Board of Selectmen and the Chairman of the Advisory Committee to be known as the Fire Chief Search

Cōmmittee. Such Committee shall determine job qualifications, arrange for testing where appropriate and advertise the position in at least one locally circulated and one major Boston newspaper. Thereafter, they shall conduct screening interviews as they deem necessary giving due consideration to qualified members of the existing department. The Committee shall then submit the names of the three (3) most highly qualified applicants to the Board of Selectmen from which it shall select one.” And to substitute in the place and stead the following:

That the Committee of five (5) citizens which were appointed by the Moderator, the Chairman of the Board of Selectmen and the Chairman of the Advisory Committee known as the Fire Chief Search Committee be continued; that their actions taken in screening candidates for the position of Chief of the Cohasset Fire Department be accepted; that the committee submit the names of the eight (8) applicants previously interviewed by the committee to the Board of Selectmen from which list the Board of Selectmen shall select one as the Chief of the Cohasset Fire Department.

RESOLUTION BY DAN COTTON

RESOLVED: That the Committee to Study Town Government Structure be and hereby is instructed to examine the method by which the structure of Town Government may be changed or altered and make recommendations regarding the same to the Annual Town Meeting in April 1983.

Resolution voted unanimously by a voice vote.

Article 4. (Inserted by the Board of Selectmen, Henry W. Ainslie, Jr., Chairman, citizens petition.)

F. Charles DeSantis, 260 Forest Avenue, Richard J. Silvia, 445 Beechwood Street, Adria J. DeSantis, 260 Forest Avenue, Arthur M. Pompeo, 11 Ripley Road, Theodore M. Ford, 573 Jerusalem Road, Daniel R. Volungis, 234 Forest Avenue, Clark Chatterton, 9 Red Gate Lane, John S. Duncombe, 2 Sheldon Road, Judith Volungis, 234 Forest Avenue and John S. Lennon, 57 Surrey Drive.

To see if the Town will vote to authorize and direct the Selectmen and/or the Board of Sewer Commissioners to renegotiate the terms and conditions of a certain Stipulated Judgment dated February 13, 1980 and entered in Suffolk Superior Court on March 6, 1980 by and between the Division of Water Pollution Control of the Commonwealth of Massachusetts and the Town of Cohasset, or in the alternative to Commence administrative or other legal actions to set aside or modify the provisions of said Judgment so that the Town by and through its Board of Sewer Commissioners shall be permitted to engage engineers and consultants to prepare and submit a supplemental or alternative proposed facilities plan which plan shall analyze the feasibility of the following:

(a) the expansion, reconstruction or improvement of the existing sewerage treatment plant so that said plant will comply with the effluent requirements of its present discharge permit;

(b) the construction of small waste water systems;

(c) the construction and replacement of privately owned systems; and

(d) the development of cost effective alternative solutions to the Town's waste water disposal problems.

Further that the Town by and through its Board of Sewer Commissioners be authorized and directed to select and contract with engineers and consultants for the purpose of preparing the supplemental or alternative facilities plans and that the Town file any and all applications with the MDWPC necessary for grant assistance.

Further to see if the Town will vote to appropriate from surplus revenue a sum of money to pay the costs of said supplemental or alternative proposed facilities plan.

Further to see if the Town will vote to suspend, delay or terminate, if necessary, any contracts for the preparation of working plans and specifications for the construction of a sewer "Facilities Plan for Waste Water Management dated May 31, 1979" as the same may be modified or supplemented; or act on anything relating thereto.

MOVED: In the spirit of seeking in good faith to find an appropriate and reasonable solution to the Town's waste water problems, and desiring to explore, with all reasonable speed, certain cost-effective, innovative alternative

waste water disposal solutions that have become appropriate for consideration by reason of changes in applicable funding programs, that the Selectmen and/or the Board of Sewer Commissioners be and they hereby are authorized and directed:

I. To attempt to renegotiate the terms and conditions of a certain Agreement for Judgment dated February 13, 1980 and entered in Suffolk Superior Court on March 6, 1980 by and between the Division of Water Pollution Control or the Commonwealth of Massachusetts and the Town of Cohasset, or in the alternative to petition the Court to modify the provisions of said Judgment so that the Town by and through its Board of Sewer Commissioners shall be permitted to engage additional engineers and consultants to prepare and submit, as quickly as is practicable, a supplemental or alternative proposed facilities plan which plan shall analyze the feasibility of the following:

- (a) the expansion, reconstruction or improvement of the existing sewerage treatment plans so that said plant will comply with the effluent requirements of its present discharge permit;
- (b) the construction of small waste water systems;
- (c) the construction and replacement of privately owned systems; and
- (d) the development of cost effective, innovative alternative solutions to the Town's waste water disposal problems;

II. Pursuant to such renegotiation or modification, to select and contract with engineers and consultants for the purpose of preparing the supplemental or alternative facilities plans and to file any and all applications with the appropriate governmental agency or agencies necessary for grant assistance.

III. Consistent with the completion of the foregoing facilities plans and the selection by the Selectmen and/or the Board of Sewer Commissioners of appropriate solutions, to postpone the execution and delivery of any contracts for the preparation of working plans and specifications for the construction of a sewer "Facilities Plan for Waste Water Management dated May 31, 1979" as the same may be modified or supplemented.

FURTHER MOVED: That the Town appropriate from surplus revenue the sum of \$10,000.00 to pay the costs of the engineering studies of said supplemental or alternative proposed facilities plan.

MOVED: That this article, Article 4 be a secret ballot. Voted by a voice vote that this be a secret ballot.

Article 4 voted by a yes and no ballot vote, yes, 184, no, 173. Motion passed.

MOVED: That Article 10 be advanced and voted on at this time. Voted by a voice vote in the affirmative.

Article 10. To see if the Town will accept a collective bargaining agreement by and between the Town of Cohasset and the Cohasset Police Association and to see what sum of money the Town will raise and appropriate to effectuate said agreement, or act on anything relating thereto.

MOVED: That the Town accept a collective bargaining agreement by and between the Town of Cohasset and the Cohasset Police Association which includes the salary scheduled affixed hereto and that the Town raise and appropriate \$25,389.00 by taxation to effectuate said agreement; and that the sum of \$23,931.00 be credited to account 12-00 "Police Department-Personal Services" and the amount of \$850.00 be credited to account 12-01 "Police Department-Expenses". And the amount of \$608.00 be credited to account 12-03 "Police

Department-Severance Pay”.

BOARD OF ASSESSORS

The past year was a turbulent one for our office. We had our attempt at revaluation turned down by the state, our contractor abandoned his contract and a new part time appraiser left our employ after one month on the job. At this writing we seem to have turned the corner and can see the light at the end of the tunnel.

After a special town meeting appropriated \$116,800. we hired Appraisal Consultants of New England to conduct our revaluation. The revaluation is under way and progressing on schedule. The firm is very professional and they expect to meet the September completion date. When the revaluation is complete many of the inconsistencies and inequities that exist now will be eliminated.

During this spring and summer, our office expects to participate in the installation of the town's computer system. Having an "in house" facility will eliminate source of the bottlenecks we have experienced in the past in getting our tax bills out in a timely fashion. When our records are automated it will allow us to readily retrieve information for the various reports we are required to file with the Commonwealth and to find information for Appellate Tax Board hearings.

Last fall our board hired Leo J. Hannon as our part time appraiser. Mr. Hannon brings to Cohasset a wealth of experience and the willingness to do a good job. Since Mr. Hannon has been on staff, he has cleared our backlog and picked up almost two million dollars in additional assessments that were added to the latest tax rolls. Hannon is qualified before the Appellate Tax Board and is well respected in his field. Mr. Hannon will be a valuable asset to our office.

Since Cohasset started assigning house numbers this job has fallen to our board. In the past year our authority was challenged. A bylaw was voted at town meeting and our board drew up the first set of written rules for determining assignment of numbers. The bylaw was challenged in court and the town was upheld. Since then we have attempted to assign the proper numbers in some of the new subdivisions that used their own numbering systems.

We will continue to try to improve our service to the town and comply with the resolutions passed at the last couple of town meetings "that we get the bills out on time".

Total Fees collected	\$19,724.05

A Construction Supervisor's License, under Section 109.1.1 of the Massachusetts State Building Code, as of September 1, 1982, is now required to pull a permit from this office.

After 10 years of dedicated service, James A Litchfield resigned from his position as Building Inspector of the Town of Cohasset on September 30, 1982. I was appointed to the position of Building Inspector on October 20, 1982 and took office on a full time basis November 3, 1982.

Respectfully submitted,

Robert K. Dennis
Building Inspector

REPORT OF THE PERSONNEL COMMITTEE

The Personnel Committee successfully negotiated two new contracts with the Cohasset Police and Fire unions.

The Committee is in the process of reviewing the non-union salary classifications.

Respectfully submitted,

Clifford Mitman, *Chairman*; John H. Mullett, Edward Lubitz, Jr., Robert J. Tis, Rita M. Strong

COHASSET CONSERVATION COMMISSION

During the past year there was a significant increase in Notices of Intent for a variety of construction projects, including single family homes, cluster zoning developments and landfill operations.

The coming year will be notable for the initiation of the new Wetlands Protection Act Regulations (M.G.L. Chapter 131, Section 40) for the prevention of flood damage and the protection of the Commonwealth's drinking, industrial and recreational water resources. The new regulations are intended to alleviate some of the inconsistencies in the previous regulations and to clarify the issue of jurisdiction. All local developers are urged to obtain copies of the new regulations from the D.E.Q.E. and to become familiar with them. They will become effective April 1, 1983.

The Cohasset Conservation Commission would again remind the citizens of this unique coastal community, as well as developers of its lands, to be respectful of its wetlands and to seek the advice of the Commission if any doubt exists regarding any particular project's impact upon the wetlands.

Respectfully submitted

Bob N. Maki, *P.E. Chairman*; John Hubbard; Patricia Buckley; Janet Ditmar; Peter O'Loughlin; Austin O'Toole; Merle Brown.

REPORT OF THE COHASSET WIRE DEPARTMENT

I herewith submit the annual report of the wire department for the year ending December 31, 1982.

FIRE AND TRAFFIC SIGNALS

In 1982 one new fire box was added to the system.* There was also one thousand feet of new alarm wire installed. All fire boxes were tested for proper operation, and painting of boxes was started. Traffic lights were also kept in good working condition and painted.

WIRE INSPECTIONS

All electrical work performed by contractors was inspected by the department and fees turned into the town treasurer.

ELECTRICAL INSTALLATIONS AND REPAIRS TO TOWN BUILDINGS

Repairs and new work to town-owned buildings and properties were exclusively handled by the wire department.

I wish to thank all department heads for their cooperation with the wire department and to the men who worked with me the past year.

Respectfully submitted
Stephen F. Wigmore
Superintendent of Wires

REPORT OF THE COHASSET HOUSING AUTHORITY

The concern of the Cohasset Housing Authority continues to be in maintaining and improving the sixty-four unit apartment complex.

There have been ten tenant changes during the current year with a total of thirty-eight changes since the complex opened in 1975.

Mrs. Yolanda Baccari retired upon completion of two five year terms to which she was elected. Mr. Ralph Perroncello was elected to fill the vacancy.

Mr. George Benedict III retired as Chairman after a five year term as the governor's appointee. Mr. Lloyd Prescott was appointed Chairman by the Cohasset Housing Board. Mr. Leo Happenny was appointed by the governor and became a member of the Board in September.

The Authority wishes to express its thanks to all of the town organizations and individuals who have helped this community during theyear.

Respectfully submitted,

Lloyd W. Prescott, *Chairman*; John D. Muncey, *Vice-Chairman*; Marguerite Libby, *Treasurer*; Ralph Perroncello, *Assistant Treasurer*; Leo Happenny, *Assistant Secretary*.

DOG OFFICER

Dog Officers Report for the year ending December 31, 1982.

Total calls 402

Complaints received and investigated 105

Dogs impounded 27

Calls regarding lost animals and general information 297

I would like to remind all dog owners to license their dogs starting April first of each year.

I also would like to remind all dog owners that no dogs have permission to run upon the streets of Cohasset and that as dog owners your cooperation is needed.

Respectfully submitted,

Richard Yocum

Dog Officer

REPORT OF THE HARBORMASTER

Once again it becomes necessary to advise boat owners not to increase the size of their boat without first obtaining permission to do so. You just can't put a 30' boat on a 25' berth.

It has become necessary to order boats out of the harbor that have not followed waiting list procedures. It was voted by the Selectmen that the oldest date on an application for a mooring berth will be the determining factor in assigning that berth. No longer will a berth be assigned by boat length.

The Department, along with the Harbor Study Committee has spent many hours this past year trying to update the fishermen's pier at Government Island. A contract has been awarded to Anderson Nichols for preliminary plans and specifications. The present facilities are outdated and cannot handle the increased volume of pots and larger boats.

With deep regret, it must be reported that Peter Grimes, a local lobsterman, drowned just outside the harbor when his 23' boat capsized on October 23rd. He had been fishing approximately two years and was well liked. It can't be emphasized enough to always use good boating safety precautions. The sea can become treacherous at times. Peter will be missed by all.

It is hoped that when the Lawrence Wharf floats go out, a new runway will be completed.

It is the cooperation of all Town Departments that makes Cohasset what it is, and I am deeply grateful for willing assistance whenever it was needed.

Respectfully submitted,

Harry H. Ritter
Harbormaster

COHASSET HARBOR COMMITTEE

1982 Annual Report to the Town

Two major projects were undertaken by the Harbor Committee in 1982. The first was to review the operating procedures that were currently in place for the harbor and to recommend changes for more efficient harbor management. In this same area the concept of fees for users of the harbor was examined in order to bring our practices closer to similar and neighboring Massachusetts harbors. In both these areas recommendations were made to the Selectmen by the committee. The Selectmen have acted on them and changes to existing procedures will be brought before the Town Meeting early in 1983.

The second major project in 1982 was to begin planning for the improvement to Fisherman's Pier on Government Island as outlined in the Harbor Master Plan of 1980. A federal grant was won by the town to provide funds for the planning study. A consultant was selected by competitive bidding to assist the town in developing preliminary plans in accordance with federal and state regulations. At the end of 1982 the engineering and environmental work is in progress and a search is underway for grant funds to complete the design and construct the new pier. Town meeting action for this funding effort is anticipated

in 1983 and 1984.

The main problem for the harbor continues to be the numerous people on the waiting list to moor their boats in our thirty-four acre area. Increasing the number of boats through such projects as marinas and more numerous floats and piers is forestalled by inadequate shoreside facilities such as parking areas, access piers, and roadways. In all other respects the harbor is in scale with the town and remains one of our most valuable and handsome assets.

Respectfully submitted,
Charles G. Fink, *Chairman*
Cohasset Harbor Committee

REPORT OF THE BOARD OF HEALTH

The Board of Health has been operating under the direction of a new Health Agent since April 1, 1982. Elaine Eliopoulos was hired in both the capacity of Health Agent and Inspector of Animals. In April 1982, Marilyn Sweeney was re-elected to the Board to serve for three years.

As reported in the 1981 Annual Report, one of the major concerns of the Board was the need for expansion of the Town's landfill located on Cedar Street. After a troublesome bidding procedure, a bid was received which was within the amount of money appropriated at the town meeting. Capping of the existing operating area and expansion of a new area commenced in September and is completed, except for seeding which will be done in the spring of 1983.

Along with the extensive restructuring of the landfill site, the Board, following the vote purchased three refuse containers presently in use at the landfill. This new type of operation requires that the townspeople deposit their trash into the large red containers, located near the recycling area. When the containers are full, the operator utilizes the CAT 955 shovel dozer to lift the container and carry it to the new operating area, where it is emptied. Daily the trash is compacted and covered, thus prohibiting the infiltration of water which could lead to a future leachate problem. The use of the containers enables the operator to work in small confined "cells" which facilitates a greater compaction rate, and ultimately means a longer lifespan for the landfill.

The Board voted to institute mandatory newspaper recycling which is now in effect. We also continue to encourage the recycling of glass and aluminum. Plans are currently in progress regarding the establishment of a waste-oil recycling program so that "do-it-yourself" mechanics may deposit their used oil in a way which does not harm the environment. A special area is also planned for the deposit of wood - for use as firewood, or wood chips.

In addition to the Board's involvement in the Cedar Street landfill, much work has been done in attempts to monitor the privately owned landfill in town. The magnitude of that operation requires constant and careful supervision to ensure compliance with D.E.Q.E. approved operating plans. The Board has been working toward the installation of a scale at the site, so that the townspeople may be assured that the mandate reimbursement accurately is assessed. These monies are deposited into the Town's reserve fund, which provides assistance to all Town Departments.

Although much of the Board's energies over the past year have been directed toward solid waste issues, we have also been involved in more extensive in-

specting of the town's food-related establishments. By law, each food establishment must be inspected twice annually. The Board has been diligent in this area and required swift remediation of any sanitary code violations found. We have met with cooperation and interest from the proprietors of these establishments. Plans are in progress for a foodhandler's sanitation seminar to be held within the first few months of 1983.

With regard to subsurface disposal, repairs to existing systems have almost doubled in the past year, due to the Board's commitment in working with the homeowner to resolve effluent discharge problems. Also, we have attempted to provide information regarding the care and maintenance of a system to those homeowners who request our guidance. In our office, we have informational pamphlets available for interested citizens.

In the past year, the Board, in conjunction with the State Childhood Lead Poisoning Prevention Program, has been working with the providers of family day care to eliminate dangerous levels of lead in the primary play areas used by the children. The State has been helpful in providing technical assistance to the Board. Through media releases, we have attempted to provide useful information and education regarding the prevention of lead paint poisoning of children and animals.

Inspection of animals and their housing has been ongoing throughout the year. Follow-up on immunization requirements for horses and cleft-hoofed livestock has been performed to ensure the continued health and safety of all animals in the town. In the upcoming year we hope to strengthen our monitoring of the animals.

During the year the Board reviewed its fee schedule to bring it up-to-date and comparable with other towns. This change has resulted in increased revenues to the town.

The Board also updated some of its rules and regulations. These are available for citizens perusal at the Board of Health Office.

REPORT OF RECYCLING COMMITTEE

MEMBERS: B. Kern, A. Lehr, M. Brown, J. Hubbard

Accomplishments in 1982:

1. Revenue Received:

	<u>1982</u>	<u>1981</u>
Glass	\$2004	\$1255
Aluminum	420	105
*Paper	439 (2 tons)	895 (198 tons)

*Money received from paper goes to Boy Scouts unless over \$1500.

- Recycling area was regraded and the dumpsters were relocated for more efficient operation. Signs were made and erected by Boy Scouts and Mr. Brown and Mr. Lehr. They also moved partition in glass dumpster for proper color distribution.
- \$184 expended to repair glass crusher.
- A. Lehr made an aluminum can crusher. He and Mr. Brown often help Ken Thayer crush cans. We are looking for volunteers to help here - good way to build muscles for football players (TV or real!)
- Tree Department has brought wood chips to area and will continue to do so to dress up and also for public use.
- Ken Thayer is doing a great job as monitor.

The Future

- We do not know how the bottle bill will impact our recycling area. Reduction in bottles may be balanced by increase in paper recycling unfortunately not balanced revenue.
- Soon area will be set up to accept used motor oil. We have container and there are a number of firms interested in pick-up.
- We should look into purchasing glass dumpster as our rent is \$21/week! A. Lehr and J. Hubbard will investigate.
- What about whiteware, copper and brass?!

REPORT OF THE SOCIAL SERVICE LEAGUE BOARD OF HEALTH NURSING SERVICES 1982

The Social Service League under contract with the Board of Health offers public health nursing services to the town residents. These services include family health, disease control and health promotion. The League office at 16 Highland Avenue is open for blood pressure screening, urine testing, T.B. testing and general health consultation, Monday, Wednesday and Friday, 8 to 9 a.m. and 12 to 1 p.m.

The Keep-Well Clinics are held on a regular monthly schedule. Additional clinics available to the residents were: "Food Handlers" T.B. Clinics, C.P.R. Choke-Saver technique clinic, Breast Screening Clinic, and Flu and Tetanus Clinics. The League participated in a Cancer Prevention Study II program last Fall.

We will continue to work cooperatively with Elaine Eliopoulos and the Board of Health.

We are grateful to the volunteers of the Social Service League for their continued service and assistance.

REPORT OF THE TREE AND PARK DEPARTMENT

The Tree and Park Department has had a very busy year in regard to the Gypsy Moth problem. I feel, however, it has reached its peak and is on a downward trend. We also had a busy year in regards to maintenance of lawns, trees and road side areas.

The Tree and Park-in conjunction with the Highway Department, are enlarging Woodside Cemetery for grave lots which was voted for by the Town Meeting in 1982. This will benefit the town as we are in need of cemetery lots.

I wish to especially thank the Highway and Wire Departments for their

cooperation during this year and a special thanks to other departments and the men of the Tree and Park and Cemetery.

Respectfully submitted,

Peter G. Laugelle
Tree and Park Superintendent

REPORT ON COUNCIL ON THE AGING

Open meetings of the Council are held every second Tuesday of the month at 10 a.m. at the Parish House of the First Parish Church. The nine volunteer member board meet to discuss plans for the welfare of a very important segment of the town's population — the elderly.

The following programs and activities are made possible through the efforts of the Council, the Social Service League, and over one hundred dedicated volunteers.

NUTRITION: The Meals on Wheels program, serving approximately 4,000 meals per year, is supervised by volunteers from the Social Service League. Meals are delivered six days a week to the homes of the elderly who need assistance. Special diets are arranged when necessary. There is a nominal fee of \$1.55 per meal, but financial aid is available. The actual cost of the meal, prepared by the Red Lion Inn is \$2.00. The Council pays the difference.

In addition, lunches prepared at the High School are served every Tuesday during the school year at the Parish House at 12:15 p.m. Over 800 meals were served by volunteers from St. Anthony's, St. Stephen's, Second Congregational and First Parish Church. Those interested should call 383-1100 by Monday noon. Lunch is \$1.40.

TRANSPORTATION: The Senior Shuttle Bus makes approximately 100 trips each week to the shopping plazas, medical offices, and various functions. Additional drivers are needed on Sundays for the church trips.

For information on the bus schedule, consult the Vista or call 383-0821.

INFORMATION: A Council newsletter, sponsored monthly, the **Vista**, is mailed to 325 homes each month. To receive this news of upcoming social, educational and recreational activities, call 383-1100 weekday mornings.

RECREATION: Two bus trips a year are sponsored by the Council. The Council works closely with the 60+ Club and its 200 members. The 60+ Club meets on the third Thursday of each month at the Parish House.

Along with ten other South Shore communities, Cohasset is a participant in the South Shore Elder Services corporation, 430 South Main Street, Cohasset. This Area Agency on Aging is under the aegis of the Department of Elder Affairs of Massachusetts and is concerned with all aspects of care for the elderly. This year the Social Service League was the recipient of another grant from this organization.

ANNUAL REPORT OF THE COHASSET HISTORICAL COMMISSION – 1982

This year the Historical Commission has continued its Survey of the Historical Assets of Cohasset, an ongoing project now broadened to include significant examples of architecture dating from the Town's Greek Revival and Victorian architectural eras.

Work has continued on the project of nominating certain properties within Cohasset to the National Register of Historic Places. Cohasset has a number of noteworthy examples of early American architecture having both regional and national significance, and it is the Commission's desire to see them given the acclaim they richly deserve. One of the primary functions of the Commission is to initiate and advise upon efforts directed toward preservation of historically valuable buildings within Cohasset.

Another continuing project of the Commission has been to identify historically interesting points at various places throughout the Town. Small signs have been carved by member Herbert Marsh and we hope to place them at appropriate locations in the near future.

Work also has continued on the Commission's planned Captain's Walk at Cohasset Harbor. When completed, this project will identify with a series of durable signs some of the points of historical interest along the edges of the Harbor. Planning for the Captain's Walk has been ably undertaken by Patricia Murphy, and camera-ready artwork is being done by Robert Sweeney; both of whom are interested citizens. We are hoping the short walk, extending from Government Island to Margin Street, will give greater appreciation of the rich heritage of the Cohasset Harbor area.

During 1982 the Commission took an active role in attempts to minimize damage to the structure of the old Beechwood Fire Station pending its transfer to private ownership and has provided information to the new owners of the building to assist them in restoration of its original exterior.

The primary purpose of the Cohasset Historical Commission is to help preserve the character and flavor of the Town. We welcome concerned citizens to our meetings and encourage public participation. Our regular meetings are held on the second Monday of each month. We are particularly interested in worthwhile new projects concerned with restoration, identification and preservation.

Respectfully submitted,

Elizabeth Enders, *Secretary*, Herbert Marsh, Grace Tuckerman, Mary Fleming, Roger Leoanrd, David Wadsworth and Noel Ripley, *Chairman*.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

The various weighing and measuring devices in the Town of Cohasset have been carefully tested and 99 were sealed. Three (3) were not sealed and were put out of service.

The amount of \$390.50 was collected as sealing fees and paid to the Town Treasurer.

Items in retail stores were checked. (for unit pricing)

Several items were reweighed to determine if they were the correct weight.

HIGHWAY DEPARTMENT

I am pleased to submit the following summary of work performed by my department during the past year.

As usual, during the months of January, February and March, our department was kept busy with snow and ice removal. Early in April, the unexpected Spring blizzard was handled well and efficiently, with no major disruptions in services. As soon as weather permitted, our street-sweeping program was put into operation. All streets and roadways were swept several times during this program. All catch basins were cleaned of winter debris.

During the summer months in various parts of town, we installed a total of 400 feet of various size pipe, 9 new catch basins and repaired 16 catch basins. We resurfaced 1,340 feet of sidewalks in different sections of town. Using 395 tons of Type I asphalt, we grader-patched several sections of roads in different areas. We used 7,150 gallons of MC800 for surface treatment on various streets. I consider this an important aspect of over-all road maintenance. This type of hot oil application adds greatly to the life of the existing pavement.

Our resurfacing program was entirely funded by the State through Chapter 90, which involves a great deal of red tape and paper work. We applied immediately for the state money, but did not finally receive official approval until mid-August. We advertised for bids immediately, but due to a mix-up by one of the bidders, the first bids were discarded and the job advertised again. Finally, in early October, the contract was awarded to the low bidder — a contractor with whom the Town had no prior experience. After much delay and many telephone calls, the contractor finally commenced preparatory work on November 1. This work consisted of raising all catch basins and manholes on the roads to be resurfaced. The actual paving began on November 12, and was not completed

by the contractor until December 6. I would like, at this time, to point out that this delay and any inconveniences were not caused by the Highway Department, but was entirely the responsibility of the contractor. This is one disadvantage of utilizing state monies. Instead of being able to award a contract to a contractor already proven and experienced with dealing with the Town, state law mandates the contract must be awarded to the "lowest bidder".

We applied for and were awarded a \$1,000.00 grant from the Governor's Highway Safety Bureau for the purchase of a vandal-resistant-sign-fastener kit. We took delivery of this kit and immediately put it into use. I feel this will go a long way in reducing the cost of replacement and repairs of signs damaged by vandals.

At last year's Town Meeting, funds were allocated for a major repair job on the culvert crossing Doane Street. Through the efforts of the Chairman of the Board of Selectman, Henry Ainslie, we were able to obtain the services of the Norfolk County Engineers, namely Al Downs and Wayne Simpson. These two men have been invaluable. They attended many meetings, mostly at night, and were always ready to offer any assistance they could. After many meetings and consultations, they succeeded in drawing up all the plans and specifications needed for this project. They also plan to work right along with our department during the actual construction. All this at no additional cost to the town. Unfortunately, one of the local residents of Doane Street was dissatisfied with the Orders of Conditions issued by the Conservation Commission. He appealed to the D.E.Q.E. As of this writing we have not received a decision on this appeal. Therefore, it is impossible to predict when this most important repair project will commence.

In October, after seven years of faithful and conscientious service to the Town and our department, George Cenedella retired. I wish to take this opportunity to publically thank him and wish him well on his retirement.

My sincere thanks to members of other town departments for their cooperation during this past year. My special thanks to the men of my department for their continued fine work and cooperation.

REPORT OF THE TRUSTEES OF THE PAUL PRATT MEMORIAL LIBRARY

Throughout 1982, the Library continued to enjoy the support of townspeople and also many favorable comments regarding the quality of Library services. The continuing quality of these services depends, as in past years, on excellent contributions from three groups which are vital to the success and acceptance of the Library.

First, the professional staff supported by the clerks and pages. All of these maintain a high standard of expertise, courtesy and interested helpfulness. Second, the invaluable contribution of time and money by the Friends of the Cohasset Library. The volunteers are most faithful in appearing for their tours and proficient in fulfilling their duties. Throughout the year, the Friends have been energetic in raising money and generous in giving equipment, museum passes and other important items to the Library. Third, the Trustees have shown by their keen interest and in their regular exercise of their responsibilities that the Library and all its resources will continue to play a key role in the quality of life in Cohasset.

A vital element of Library operations, therefore, is comprised of people - an indispensable asset. We have also been prudent in our budget process and in expending funds. In the current era of tight financing, we will continue to look for new sources of funds - grants, donations, bequests - and new ways to reduce expenses - regional sharing, computerization and regular review of services.

Of many issues considered by the Trustees during the year, two should be mentioned here. In 1984 there is a strong possibility that cable television will be available in Cohasset. The Librarian and Trustees have begun the process of being acquainted with this new development and look forward to participating in community programming along with other Town entities. A second issue involves the continuing support of the Trustees for equitable wage treatment among all Town employees both in wage schedules and in wage increases.

TOTAL LOANS FOR HOME USE					<u>97,651</u>

Loans equal 14 per capita, compared with the state average of 6 per capita.

Loans are down 3,195, or 3%, from fiscal year '81. Loans are down in every category of materials except periodicals and AV equipment.

Twelve percent of adult books purchased and 25% of children's books purchased are added or replacement copies of titles previously owned. Fifteen percent of books purchased are paperbound.

Budget cut in FY 82.

In fiscal year 1982, year one of Proposition 2½, the Library's book budget was cut 17%. Coupled with an increase in book prices of 14.5%, a significant reduction in purchasing power resulted. This accounts for a decline of 23% in books and audio-visual items purchased. Adult nonfiction books purchased were down 37%, and magazine subscriptions were cut 11%.

Staff hours were cut 12%, and open days reduced 17% by closing Wednesdays. Nearly the same level of work was conducted, however; loans per open day were 17% higher than in the previous year. This increased workload means some non-urgent tasks take longer to get done than before, or simply are not done.

Interlibrary loan.

Of 352 requests to other libraries, 287 (82%) were filled by Hingham (145), Quincy (66), Boston (31), and seven other libraries through the Regional Library System * This is a decline of 28% from last year. The libraries which receive our ILL requests are also suffering from Proposition 2½ cuts in staff. Hingham honors our ILL requests in lieu of granting free access to nonresidents, standard practice among other Massachusetts libraries. Collections of "large print" books totaling 80 volumes were supplied by Quincy and Weymouth.

New borrowers:

Adult 424; children 158; the total of 582 is equal to 8% of total population. Of these new borrowers, 143 (25%) are from Scituate, Hingham, Hull and other towns. As libraries close different hours of the week, users seek memberships in more than one.

Children's services

— Professional staff on duty during all out-of-school hours to select, catalog and maintain the collection and to assist children, parents and teachers in use of materials.

— 41 preschool story hours, total attendance 450; conducted by 11 volunteers recruited and trained by the staff.

— 6 family story hours, evenings, July-August, total attendance 195.

— Summer Reading Incentive Program: 127 participants, with 92 reading 20 or more books and earning a free paperback book, gift of the Friends.

— 110 story hours and class lectures at Osgood, Deer Hill and the High School.

— 15 film programs at Osgood and Deer hill, total attendance 2,630.

— 19 class visits to the Library for library instruction.

— 67 classroom deposits totaling 557 books.

— Prepared reading lists for fourth, fifth and sixth grades.

Volunteers:

Loan desk and office	2,484 hours

38 Junior Volunteers (children's room)	587 hours
--	-----------

Total hours, 3,477, averages 67 hours a week, equal to two fulltime employees, or to 25% of paid staff. We estimate the value of this labor to be about \$20,000.

Gifts:

Mrs. A. Werk Cook, \$100 to Friends' book fund;

Mrs. Alice Nisula, \$100 to Friends' book fund;

Cohasset Savings Bank, 10,000 library book marks.

Gifts to the memorial book fund: Miss Isobel Grassie, in memory of Ruth Enders Hunt; Ester J. Stearns, in memory of John Bishop; Ruth S. Cumner, in memory of John Bishop; Barbara Ellis, in memory of Paul Blackmur.

Maurice E. McLoughlin, Jr.. \$100 for children's science books in memory of Adele Froehlich.

Thousands of used books were donated to the Library and to the Friends' book sale.

Twenty-nine of the Library's magazine subscriptions are donated each week or each month by members of the community.

A of an American Flag was given to the Library from George Haley, Trustee.

Friends of the Cohasset Library, Inc.

In June, the Friends reported membership at 183, down from the 263 members in May, 1981. In an effort to strengthen the organization a follow-up mailing to past members was conducted in November.

Major gifts to the Library in 1982 were: the outdoor book return box. \$925, needed since the Library is now closed Wednesdays all year and Sundays in summer; memberships to the Museum of Science, Museum of Fine Arts, Children's Museum and New England Aquarium, \$1,135; these passes admit a family

free; \$675 for the Encyclopedia of Science and Technology; and \$508 for film-strip projectors and a cassette recorder.

Citizens who wish to help maintain quality services in a year when the Library cannot ask for increased tax support are urged to join the Friends. Membership forms are available at the Library.

REPORT OF THE BOARD OF WATER COMMISSIONERS 1982

The Water Department has completed a very productive year and looks forward to continued success in 1983.

Water production totaled 247,000,000 gallons, indicating a 3,000,000 gallon or 1% increase over the previous year.

During 1982 the department repaired 17 breaks in the distribution system, 8 of which were on Atlantic Avenue.

Three hydrants were replaced due to motor vehicle accidents and six new hydrants were added to the system.

New service installations totalled ten, with fifteen existing services replaced. Two new fire service lines were installed.

Application for supplemental funding under several grants the department pursued has yielded the following:

1. Under Commonwealth of Massachusetts General Laws, Chapter 406, we were awarded the sum of \$502,410.72 to be paid in installments through the year 2012, with initial payments retroactive to 1979. These funds represent reimbursements towards construction costs of the treatment facility.

2. The Commonwealth of Mass. Gen. Laws Chap. 805, Leak Detection Program has made available \$10,500.00 in matching funds to survey the distribution system. In addition to detection equipment and training, we received recommendations on rehabilitation of the system. Nineteen leaks, previously undetectable, were located and three of the most serious, on Atlantic Avenue, have been repaired.

3. The Commonwealth of Mass. Gen. Laws Chap. 805, Rehabilitation Program has provided the department an offer of \$294,000 as matching funds to rehabilitate that portion of the water distribution system that is the most prone to repeated breaks or failure.

The Board of Commissioners would like to extend their thanks to all Town Offices, Departments and Committees for their cooperation and support, with special gratitude to Highway Surveyor, Harold Litchfield, for his cooperation of men and equipment during several of the major breaks in our water distribution system this past year. Our thanks also to Superintendent Ben Curley and all the Water Department personnel for their dedication to the community through the accomplishment of their duties.

Respectfully submitted,

Robert W. Jackson, *Chairman*; Lot E. Bates; William J. Montuori

RECREATION DIRECTOR'S ANNUAL REPORT – 1982

It is with distinct pleasure that the report of the Recreation Department is submitted to the Citizens of Cohasset.

During the Fiscal Year 1982, July 1, 1981 thru June 30, 1982, 5,681 people of all ages, participated in over 50 structured recreation programs, special events, and other activities.

The budget of Fiscal Year 1982, while at a low \$34,051. including the Director's salary, was not able to support many programs. Rather, extensive use of the \$5,000. per Fiscal year, Revolving Account Fund, and increased use of volunteers made most programs possible.

While many restrictions exist with use of the Revolving Account Fund, we were able to conduct a number of programs otherwise not possible, through the Fund. Perhaps the most severe restriction of the Revolving Account is that we are able to revolve only \$5,000. maximum per Fiscal Year. This reflects directly on the number of programs we are able to conduct in a 12 month period. For instance, if the ceiling were \$10,000. we would have the capability of conducting about twice as many programs during the same period of time.

Our 1982, Town Warrant Article, Article No. 34, "An Act Authorizing the Town of Cohasset to establish in the Town Treasury a Recreation Commission Revolving Account Fund", passed Town Meeting. However, because the Article lifted the \$5,000 ceiling, it also had to be approved by Senate and House of Representatives in General Court, as it was changing a previously enacted piece of legislation. As House Bill No. 6044, our legislation was defeated by the Committee on Local Affairs. The result being that we are still restricted to providing, through the Revolving Fund, no more than \$5,000 worth of recreation programming per Fiscal Year.

Along with our budget monies of about \$10,500 available for personnel salaries, or as it directly translates; recreation programs, and the \$5,000 use of the Revolving Fund, it is volunteers of all ages and walks of life that must be thanked. Without their continued help and effort year after year, many programs could not be conducted at all.

Also during the Fiscal Year 1982, the Recreation Department generated for general Town use, \$5,902.50, via fees for programs. That money is used by the Town to help offset the tax rate during the next Fiscal Year.

Our basic philosophy remains essentially as before, that is to provide as many activities and leisure services to as many residents of all ages, as possible. In order to provide a wide-spectrum of exposure to residents, we are offering as much variety as our resources permit.

Aside from just conducting programs, constant evaluation and re-structuring of programs take place, hence, not only does the variety remain as wide as possible, but the quality is being up graded wherever possible and necessary.

Obviously, a total budget of \$34,051 does not go far. However, because of alternative resources we are able to provide services that would cost about four times our actual budget allotment. Our ability to generate revenue for the Town on top of that is a plus for both the Town and Recreation.

Again, this year, we wish to thank the various Town Boards, and Committees, and Departments for their continued interest and help with our programs and activities. The residents of Cohasset should know that there remains an established high degree of cooperation on an inter-department level. Manifestations of this reflect in a number of ways, including avoidance of duplication of efforts, ability to carry out work for another, that would otherwise be either technically or logistically impossible for that department.

The current members of the Cohasset Recreation Commission Richard P. Barrow, Chairman; Nancy E. Sladen, Vice-Chairman; Alna L. Ekberg, Secretary; Gerard A. Buckley, James L. Gallagher, Mark K. Muncey, and Eugene K. Price join me in thanks for your continued support of our services to you. Also, the members of the Recreation Commission should be thanked for their volunteer services to recreation and the Town of Cohasset.

REPORT OF THE BOARD OF SEWER COMMISSIONERS

During 1982, there were five equipment failures, two of which resulted in pumping raw sewage into James Brook.

The State and EPA have approved the Metcalf and Eddy (M & E) plan for building a larger sewer plant on the Jones Site. The State plans to authorize in February 1983 the Step 2 design phase for specifications and drawings with construction completed in 1987. Article 4, however, of the November 1982 special town meeting asks this process be delayed until a second look at alternative solutions can be made. This Board is working with a Selectman's Advisory Committee to implement this article.

The sewer system is still under the 1978 state ban on any new connections. Modified use of any commercial entity requires state approval before the Board can issue a special permit. Three such permits were issued this year. The ban was caused by violations of our permit to discharge effluent into James Brook. Over the past year BOD passed 4 months, suspended solids passed 3 months, settleable solids failed for 12 months, fecal coliform passed 8 months. The ban can be lifted by building the above noted new sewer plant proposed by M & E (including provisions for setage disposal); or by completing an alter-

native system recommended by engineer consultants of the Selectmen's Advisory Committee for alternate solutions.

The capacity of the current plant is 72,000 gallons per day with an average daily flow for 1982 over 80,000 gallons per day.

REPORT OF THE GOVERNMENT ISLAND STUDY COMMITTEE

This Committee, which is purely advisory in nature, was originated in 1946 and holds periodic meetings, when the need arises, rather than regularly scheduled monthly meetings.

During this past year we have held four meetings to discuss:

1. The present condition of the Property.
2. Actions that we recommend should be taken to bring the Property up to a reasonable level of acceptable condition.
3. Other suggestions regarding the Committee itself.

We also held a "Walk the Island" meeting, on Sunday, May 16th, for those members available to visually inspect the Property and list those recommendations which we felt should be done to maintain the "Island" properly. We have also met with the Selectmen on two occasions to clarify the Committees responsibilities and activities and to discuss our report of our ("Walk") suggestions.

It is our sincere feeling that the island is an important part of the Town, Historically, Commercially and Recreationally and so should receive its' share of the Town Budget.

I wish to thank all the Members for their interest and attendance at the Meetings. This Committee is one of the many volunteer activities in the Town and it takes a certain type of individual to take on a responsibility of this nature.

Respectfully submitted,

Hamilton T. Tewksbury, *Chairman*; Richard P. Barrow, Edward J. Figuieredo, Robert James, Vivian McCormack, Noel Ripley, Harry H. Ritter.

REPORT OF THE SUPERINTENDENT

The past school year has been a banner year for the Cohasset School System. The quality of its programs and the achievement of its students and faculty has been recognized by professional groups whose responsibility it has been to evaluate and accredit our school. This group, the New England Association of Secondary Schools and Colleges, awarded a full ten-year accreditation to the Junior/Senior High School in spite of the Association's current practice of awarding two-to-five-year accreditations due to the limitations of Proposition 2½. The 153 members of the graduating class of 1982 and the undergraduates of the Junior/Senior High School compiled an outstanding academic and athletic record which was ranked Cohasset as one of the top academic high schools on the South Shore. With four National Merit Scholars, with eight scholars with national honorable mention and forty-one graduates earning early admission to the college of their choice, our students have certainly measured up to their outstanding college aptitude board examinations. As expected, 83% of the graduating class chose to continue their education by going on to post secondary schools. They were and are a credit to themselves, their families and their school. We take great pride in their accomplishments. In other student activities, they compiled two undefeated League championships in hockey and gymnastics and winning seasons in most other sports, plus recognition in academic competition in mathematics, drama and other student activities. At the elementary and intermediate levels, the schools were able to continue and improve upon their excellent programs by adding a computer literacy experience for students. The excitement and enthusiasm with which both staff and students have greeted this innovation indicate the educational potential of this learning method and provide a base for the Junior/Senior High School Computer Programs. The teaching and administrative staff are reviewing and "fine tuning" curriculum at all grade levels, giving special attention to changing teacher's techniques and programs and developing strategies for handling grouping in the face of declining enrollment.

The parents and friends of the school system have continued their welcome support and have reorganized their various Communication Councils into a new organization called the Parent-School Organization (P.S.O.). They continue to be an active and positive force in the school's operations and we thank them for their encouragement.

Unfortunately, our predictions for the future are not as bright, but this is not due to the dedication of our school or its students. The reason will be financial. It is primarily due to the Town's economic situation which will force the school system to reduce its current spending by approximately \$300,000.

The expected increase allowed for the schools under Proposition 2½ will fall far short of the amount needed to maintain the system as it is this year. Even with the drop in enrollment of 60 students and accompanying reduction in costs, we must reduce our staff and programs substantially. It is my fear that this change will adversely affect our proven quality and will limit our ability to continue some of our comprehensive educational programs. We will continue to work as hard as we can but there will be a long-term effect to the services to which the Town is accustomed.

Eugene C. Crowell

REPORT OF THE SUPERINTENDENT-DIRECTOR OF THE OF THE SOUTH SHORE REGIONAL VOCATIONAL TECHNICAL SCHOOL

I am pleased to submit this annual report to the residents of Cohasset on the current status of the South Shore Vo-Tech.

When arriving at South Shore Vo-Tech in early July, 1981, I had no idea of the dramatic events that would occupy much of my time and that of our school committee and administrative staff over the following eighteen (18) months. The sum total of these events would permanently change the course of history for South Shore Vo-Tech. At the outset, I found a growing feeling among school committee members and the general public that a self analysis of the school's programs and service potential was in order. A climate was being created that made certain changes not only possible but clearly desirable.

During the summer and fall of 1981, the school administration assessed the status of the school's programs and services and weighed the concerns expressed by different segments of the six original district communities and those outside of the region. Recommendations based upon the findings of this review were presented to the school committee in October of 1981. In response to the school's obvious service shortfall and the concerns expressed by numerous south shore citizens and school departments the school committee of South Shore Vo-Tech voted to pursue expansion of both our programs and our region. Over the course of the 1981/82 school year, the South Shore School Committee took bold steps to realize their dream of expansion. At a time of uncertainty and general economic belt tightening in education, a fiscally sound expansion plan was developed and presented to the voters of the original six communities in the South Shore School District and to Whitman and Hanson. The rest is history. The expansion concept was unanimously approved by all eight communities. The results of this expression of confidence by the voters has included: an increase of six (6) additional programs for a total of eighteen (18) with the hope of one more to be added within a year; the inclusion of Whitman and Hanson in the South Shore Regional School District; the renovation of the Abington Junior High School to become the Abington Campus of the South Shore Regional Vocational Technical High School (which houses seven (7) of the school's eighteen (18) programs); and the increase in our eventual capacity from three hundred and eighty (380) to approximately six hundred and sixty (660) students.

The past year at South Shore Vo-Tech has witnessed a major rethinking of school philosophy, program composition and capacity to serve the student and adult population of the South Shore. There is still much to be done. Our School Committee is pursuing a cautious, but optimistic course to enhance both the quality of our vocational, technical and academic programs and the ability to serve more students of high school age and beyond. We look forward to the years ahead with enthusiasm and confidence. We are pleased to have your community as an active and participating member of our team. We are richer because of it.

Dr. Clifford Easton

COHASSET SCHOOL COMMITTEE TOWN REPORT — 1982

This past year has been one of difficult adjustments for the Cohasset School System, due to our declining enrollment and mandated budget cuts. Our school population is down 70 students from last year, and we estimate 60 fewer students next year. In spite of our constricting size and budget, your School Committee is determined that the excellent quality of education in Cohasset shall not be compromised.

In May we received word from the New England Association of Schools and Colleges that the Cohasset Junior/Senior High School was granted continued accreditation for ten years through 1991. This was especially welcome news to our staff and Administration who had worked so diligently the previous year to prepare for the Association's visiting team, as we had heard that few schools were being granted more than a 5-year accreditation in light of the program cut-backs which followed the passage of Proposition 2½. The Committee is proud of the dedication and professionalism of our fine staff and administration. As the Superintendent's report indicates, by many standards other than our own, Cohasset students have excelled with the fine education they receive here. This must not change. A good school system benefits the entire community, not just those citizens with children currently enrolled. Property values grow if the community is perceived as an attractive and desirable place to live, with a good school system.

Our student representatives, Paul Johnson and Justine Hoffman, have made significant contributions to our meetings on many occasions and we have appreciated their conscientious attendance. At the suggestion of Dr. Nedrow, in order to allow more students to participate in School Committee discussion, and to lessen the burden of regular attendance on the representatives, we are exploring the expansion of the student representative "pool" to eight students each calendar year. The Committee will benefit by hearing from a larger cross-section of students, and more students will have the opportunity to voice their opinions and to experience serving on the Committee.

A major achievement of the year has been the completion of our Drug and Alcohol Abuse Policy and Guidelines under the supervision of our Health Education Coordinator, Michael Gill, and a large committee of community volunteers, led by Nancy Clapp and Carol Sandblom. Many people devoted long hours to this project simply because they care about our students; we thank you all for your efforts. The result is a thorough, carefully thought-out guide which we will continue to improve as the need arises.

In October, we regretfully accepted the resignation of our Business Manager, John Raftery, who accepted the position of Director of the Bureau of Nutrition Education and School Food Services with the State Department of Education. During his eight-year tenure with the School Department, he innovated many energy-conserving measures and business practices which will benefit the system for years to come.

Another major effort by parent volunteers which deserves mention here is the formation of the new P.S.O.: a Parent-School Organization of all parents of Cohasset students which will communicate more effectively than did three separate school councils. Among their objectives are: to act as advocates of public education, to register parental response to issues confronting the schools, to

support school enrichment and extra-curricular activities and to receive and channel parental questions and concerns. The School Committee gratefully endorses their efforts.

The Committee reaffirms that when staff reductions are necessary, it shall, consistent with existing law, retain those teachers who it deems most qualified to fill the educational needs of the Cohasset School System at the time of the reduction in force. These are times which try men's souls (and women's!), but we will do our best to maintain an excellent school system for our youth. They deserve every opportunity to adequately prepare themselves for our increasingly complex and specialized society.

In April we welcomed an able new member to the Committee, Dr. Joseph R. Nedrow, whose perspective and contributions have been invaluable. We sincerely thank Irene Brown for her five years of tireless efforts on the Committee, and I personally thank my colleagues for the many hours they spend in voluntary service to the community and its young people.

Respectfully submitted,

Diana D. Kornet, *Chairman*
Cohasset School Committee

REPORT OF THE CAPITAL BUDGET COMMITTEE

In early February of 1982 the Capital Budget Committee sent questionnaires to all departments to solicit their need for capital projects.³ Throughout February and March we met extensively with those departments which proposed projects through the questionnaires and the warrant in order to analyze and prioritize the requests. At the Town Meeting on April 3, 1982 we passed out recommendations with respect to each capital request and a 5-year projected capital budget through 1987. Preparation began in February, 1983 for the current Town Meeting.
